Property Description

This cosy chalet is the perfect alpine refuge for enjoying nature and calm, in all seasons. In winter, snow shoes are necessary to reach the chalet before enjoying your hot chocolate by the fire but access to the door by car is possible outside of the winter season.

The chalet is on 2 floors with the entrance on the garden level, through a side door protected from the snow. The accommodation comprises :

Garden level : entrance with cloakroom area and guest WC, small utility room, large open plan living space with a welcoming lounge, dining area and kitchen. The living space benefits from large window openings offering superb, uninterrupted views across the valley and, as the chalet sits on a flat plot of land, the doors open directly onto a large terrace area.

First floor : the bedroom level offers 3 bedrooms, one with en-suite facilities and two with balcony. There is also a family bathroom on this level. The chalet can comfortably accommodate 8 people.

Situated at 1600m altitude, on the sunny side of the valley, the chalet faces south-east. The view is magnificent and the ski slopes are just 3km away at Bisanne 1500, where the chairlift provides access to the Espace Diamant ski domain.
