Property Description

Set in a traditional hamlet on the outskirts of the resort of Les Carroz in the Grand Massif, just 50 minutes from Geneva and Chambery airports, this ground floor apartment enjoys stunning scenery and a quiet but convenient location. It is opposite the bakers/coffee shop, and the free shuttle bus stop that gives easy access to the resort centre and slopes is just outside. There is a ski hire shop within a stone's throw and a supermarket and petrol station conveniently situated just up the road.

The apartment is located within a development of apartments and chalets with a central grassy communal area, ideal for children to play in and for summer barbeques. It has big south facing windows leading onto a spacious terrace overlooking the gardens, beyond which is the dramatic Aravis mountain range. It is a very pleasant 25 minute walk across the fields and through the woods to the resort centre literally from the back of the property so no roads to encounter.

The apartment comprises an entrance hall with integrated cupboard, separate wc, bathroom with shower, a cabine (large enough for a double bed) with integrated wardrobe space and a window onto the living area, and a large open plan living area with a well equipped kitchen. There is a manual winding shutter on the main window and a wooden shutter on the smaller window. The heating is electric and the windows are double glazed.

In the basement is a ski locker and secure storage cupboard.

The property is covered by the copropriété rules.
