Garage	Single
Drainage	Mains drains
Energy efficiency rating	TBC
CO2 emissions	TBC
Agency fees	Paid by the seller

Property Description

Chalet 1 is located at the entrance to the village of La Côte d'Arbroz, 10 minutes from the centre of Morzine. This small, residential village enjoys good sunshine exposure and a year round community. It benefits from nearby access to the skiing at Mont Chéry, part of Les Gets ski area and is not far from the other access points to the Portes du Soleil ski lifts. In the summertime, there are numerous local hiking trails around Roc d'Enfer and the nature reserve at Foron.

This superb new chalet, with panoramic views across the Morzine valley, is situated in a sunny south facing spot. The construction includes top of the range, high quality materials with a charming exterior in mixed old wood cladding, beautiful stonework and large window openings. The chalet will have underfloor heating (with individual room temperature controls) with energy provided by a heat pump.

The accommodation comprises:

Ground floor: garage, terrace, laundry, ski/boot room.

First floor: spacious open plan living with lounge, dining area and kitchen (not included). This area has plenty of natural light, a space for fitting a fireplace (chimney installed but fire not supplied) and access to a terrace area. A separate WC completes this level.

Second floor: 3 double bedrooms (one with en-suite shower room/WC/balcony and another with balcony), shower room/WC.

In addition to the garage, the chalet has 2 outside parking spaces.

The project is due for delivery in the summer of 2023.

Reduced notaire's fees of 2.2% will apply for this newly constructed chalet (in place of approx. 8% for an existing chalet)

The price includes the following fittings: shower rooms (without fitted basins), tiling, wooden flooring.

At this stage of the construction, it is possible for purchasers to select the finishings to create interiors to their own style and preferences.
