Property Description

Built in 2017 by one of the valley's leading chalet builders, this exceptional property has been constructed to the highest of standards. Located a short walk from the shops/restaurants of Chatel, this dream chalet features an intelligent mix of the ultra modern with the traditional.

Arranged over three floors, the chalet comprises;

On the main floor - an exceptional open plan living/dining room with double height ceiling and stunning carpentry on view, a modern, fully equipped kitchen, two double bedrooms with en suite facilities.

On the ground floor - a spacious entrance area and boot room, three double bedrooms with en-suite facilities, a second living/dining/kitchen area (which can be used as a separate 1 bedroom apartment if required), double garage, gym, laundry room, technical room housing the central heating system.

On the top floor - a spacious mezzanine area, ideal for a TV or games room.

The chalet is heated by the latest in energy efficient geothermal heat-source technology and consequently receives an excellent energy efficiency rating.

The chalet is not far from the center of Chatel, on the ski bus route, and it is often possible to ski back to the chalet via an off piste field from the Linga ski area.
