## Property Description

The Moulins apartment is the result of merging two large studios. Completely renovated with taste and quality materials, it's a true cocoon with a mountain-themed decor, right in the heart of the village, with all its conveniences and a bus stop for free ski shuttles right on the building's doorstep. Just cross the street to get your croissants!

The work done by a local artisan has brought a lot of style and warmth to this space. It comprises an entrance with a separate toilet, a shower room with a shoe dryer and a washing machine, a modern equipped kitchen open to a living room with access to a long balcony. On each side of the living area, there's a sleeping area allowing two families to keep their privacy: on the right, a large bedroom with a wardrobe and a spacious bunk area accommodating three beds and a wardrobe. On the left, a second bedroom also with a wardrobe and another bunk area with a bunkbed, along with a shower room and a second separate toilet.

The highlights: the apartment is sold furnished, and the managing agency has approved the installation of roller shutters as well as expanding the balcony to the second bedroom. To top it off, a secure garage located less than 20 metres from the residence is included in the price! The maintenance fees include hot and cold water. The building is well-maintained and a complete facade renovation took place in 2024.

The property is covered by the copropriété rules.
