Property Description

This semi-detached property is situated in a very sunny spot, perched above the village of St Jean d'Aulps. The property has been immaculately maintained, and offers 3 good sized double bedrooms, a bathroom, and a separate WC, as well as an open-plan kitchen, living room and dining area.

The property is split over two main floors, with the living room and kitchen on the ground floor and the bedrooms and bathroom above, but there is also a good sized attic space, accessible via internal staircase, which can be converted to additional living accommodation with the appropriate permissions. There is also a basement level, housing a garage, vaulted cellar and boiler room, as well as a covered walkway.

There is off-street parking for several cars, and a large sunny terrace with views is perfect for al-fresco dining or for installing a hot tub. There is also an area of flat lawn, ideal for children to play in safety. A traditional smoke-house and a lean-to store-room of around 4m² are also included in the sale.

The property does require some modernisation. It currently has single-glazing, and the oil-fired heating system, whilst fully functional, will probably require an upgrade in the future. The property is also on a septic tank. Otherwise, the layout of the property works well, and no structural changes are needed, but the kitchen and bathroom are also a little out-dated.

The property is located in the hamlet of Les Onchets, approximately 3km from the centre of St Jean d'Aulps, around 10 minutes from Morzine, and under 90 minutes from Geneva airport.
