Property Description

The hamlet of Les Tines is undoubtedly one of the most sought-after locations in the Chamonix valley. The area offers a sunny location, beautiful views of the Mont Blanc massif and the proximity of the golf course and ski lifts.

Les Chalets de la Tannerie is a small high-end development built by one of the best developers in the Alps with over 50 years' experience. The quality of interiors and exteriors is second to none, with a high degree of personalisation. Each owner will have a wide choice of fittings and materials from the best quality.

This first floor property consists of entrance hall, open plan living room and sitting room with fully fitted kitchen, traditional fireplace, three bedrooms with ensuite shower room and WC each, balcony with views of Mont Blanc, storage cellar and private underground parking.

This development is a very good example of the current "upgrading" trend taking place in Chamonix. Newer, better properties are gradually replacing older ones whose quality does not match the expectations of international buyers, but they are in relatively short supply. For that reason, the outstanding quality of Les Chalets de la Tannerie will also ensure first-rate rental returns, estimated in the region of 35,000 euros over a 20-week period. This is a premium property for those seeking the best.

The property is covered by the copropriété rules.
