Property Description

Maison des Catelus is located in a quiet, green residential area along a cul-de-sac. Built in the 1960s and entirely masonry-constructed, it sits on the edge of an 850 m² fully buildable plot.

Currently, the ground floor features an entrance, a living room, a kitchen, a bathroom, and a former boiler room. Upstairs, there are three bedrooms (one of which is walk-through).

Whether for a simple renovation or an extension, the future property can enjoy a beautiful, peaceful setting, stunning views of the Aravis mountain range, and a south-southwest exposure.

The house is not habitable in its current condition as it no longer has a heating system (hence the blank energy performance report).

It takes just 8 minutes by car to reach the centre of Les Carroz and the main ski lift. The bakery, however, is less than a 3-minute drive away!
