Property Description

The Cassiopée E2 apartment is located on the second floor of an iconic 1960s Bauhaus-style building, a listed property ideally situated at the Forum level in the centre of Flaine.

Built in the heart of a vast natural amphitheatre reaching 2,500 metres in altitude, Flaine is renowned as a snow-sure resort - a delight for skiers - with its modernist architecture and monumental artworks by prestigious artists such as Picasso, Vasarely and Dubuffet, which can be admired from the apartment.

Its privileged location offers direct and easy access to the ski slopes as well as to all the shops and amenities of the resort, all on foot.

Layout & Features

The 48 m² apartment comprises an entrance hall leading to a spacious 32 m² living area with an open-plan kitchen and a south-facing lounge, bathed in natural light, from which you can enjoy breathtaking panoramic views of the entire ski area. A hallway leads to a bathroom, separate WC, and a bedroom with built-in wardrobe.

The apartment is sold furnished and includes a ski locker, a boot locker, and a cellar.

It is worth noting that the building charges include heating and water, simplifying the management of your expenses.

If you are looking for more space, an identical apartment, connected via a door in the living room, is also available for sale. [That can be seen here](#)

In addition, a parking garage can be purchased as an optional extra for optimal convenience.

The property is covered by the copropriété rules.
