The apartment complex has been built in an existing building which is being completely renovated and offers stunning views across the valley to the mountains.

The project, due for completion in 2011, will be finished to a high standard and will include bathroom suites, tiling and flooring . There is still the possibility at this stage to personalise your choice of finish.

The plans shown on this page of the web site are for Apartment 3, which is a two bedroom apartment with a floor area of 58.23m², situated on the first floor of the building. This apartment has 2 balconies with an exceptional total balcony/terrace space of 49m² - ideal for outdoor living and enjoying the views.

On offer in the development are 1, 2 or 3 bedroom apartments, some with balconies and all with separate ski locker room. Full details of all the apartment numbers, corresponding surface areas and prices are available on request.
